ALMOST MAGIC CURE BY CUTICURA REMEDIES

"Our son, two years old, was very much afflicted with a breaking out or what looked to be a summer rash. I applied the usual remedies, such as washing with soda water and powdering with borie acid. Finally, after he suffered with the trouble several weeks, I took him to the doctor. He said it was merely a rash that was treatment and that I should just continue it and the baby would soon be all right. But instead of getting better it was getting worse. The rash ran together and made large blisters. The little fellow didn't want to do anything but scratch, and we had to wrap his bands up to keep him from it, as he would tear the fiesh open till the blood would run. The itching was intense, causing loss of appetite and flesh. When it seemed to hurt him most the skin on his back became hard and rough like the bark of a tree He was so feverish that I though it a bad case of eczema.
